

Versatile.

Eve Double Pro Line

High Performance AC Fast Charger

The Eve Double Pro-line is the smart charging solution for semi-public environments, such as open air or multi-storey car parks with high traffic. Twin charge points allow two vehicles to charge simultaneously at up to 22kW.

AFFORDABLE • DURABLE • OPTIMAL

Eve Double Pro Line Benefits:

- Built-in protection allows for a more cost-efficient installation
- Two residual current devices of type B offer protection from AC and DC currents
- Plug & Charge and RFID payment methods
- Complies with all relevant standards, including IEC 61851:2017 - IEC 61851:2017, and has RCDs that protect against leakage currents
- The compact yet durable case is designed for high usage and regular user changeovers
- Versatile mounting options either on a wall or on a post
- Two sockets with optional load balancing across both
- 7" LCD with customisation capability; allows for branding

Product Details

Max Charging Current	32A Per Phase
Max Power Output (kW)	3.7–22kW
AC/DC	AC
Input Power Load Balancing	Yes
# of Ports	2
LCD Screen Size	7"
Contactless Payment Options	RFID Card Reader
Overall Dimensions	590x338x230mm (L,W,D)
Mounting Options	Wall, Post

*Actual charging speeds may vary based on environmental and other factors and are not guaranteed
