Twin Port UK & European Charger

AC Single and 3-Phase Commercial Charging Station

The Twin's back-to-back dual socket can deliver up to 77 miles an hour, making it ideal for all public parking locations. Designed with user-friendliness and advanced innovative charging features in mind.

USER-FRIENDLY • DURABLE • DUAL-PORT

Blink's Twin Benefits:

- Single and 3-phase power
- Designed to utilise new car technology and provide maximum charging speed
- Scalable charging speeds: Triple phase, 11kW or 22kW
- RFID reader and MID-meter payment method options
- Equipped with dual type 2 sockets and type E socket
- Supports ISO-15118, OCPP 2.0 compatible
- Can be customised to fit customer's brand identity
- Hassle-free installation & configuration in various installations
- Provides instant access for remote support, maintenance, and control
- Universal charger complies with local regulations and requirements

Product Details

Max Charging current	64 amps
Voltage Rating	1x230V (50/60Hz) 3x400V+N (50/60Hz)
Max Charging Power	22kW (triphase)
Dimensions (H x W x D)	1,385 x 335 x 220 mm
Charging Socket	AC
Authorization	Plug & Charge
AC/DC	AC
# of Ports	2

*Actual charging speeds may vary based on environmental and other factors and are not guaranteed.
